To our stakeholders:

It is with great pleasure that UNETE reaffirms its support of the United Nations Global Compact and its mission of promoting corporate sustainability in the areas of Human Rights, Labor, Environment, and Anti-Corruption. UNETE supports these ideals both in our own mission of improving education, and in the manner in which our organization operates.

Here in our first annual Communication on Engagement, we have detailed what actions and efforts have been undertaken in the past year to engage with the United Nations Global Compact and to embody those ideals. As always, we are pleased to share information about these activities with all of our stakeholders via our primary channels of communication.

Sincerely,
