*Dear Mr. Secretary-General,*

In February 2009 the Ukrainian Catholic University (UCU) joined the UN Global Compact and commits itself to the 10 principles with respect to human rights, high labor standards, environmental protection and fighting corruption.

I am pleased to confirm that since that time the UCU continues to advance those principles within our sphere of influence. We continue to incorporate Global Compact principles into our strategy, culture and activities, striving to promote development goals of the UN in the spheres of education, civil society, human rights etc. UCU makes a clear statement of this commitment to our stakeholders and the general public.

Recognizing the necessity of submission of the Communication on Engagement (COE) that describes our organization's effort to support the implementation of the ten principles, we are attaching new report for public consideration.

Yours sincerely,

  
Rev. Dr. B. Prach  
Rector
