To our stakeholders:

We recognize that a key requirement for participation in the UN Global Compact is the annual preparation and posting of a Communication on Progress (COP) that comprises of a CEO statement of continued support for the UN Global Compact, a description of practical actions with regard to the main issue areas of the UN Global Compact, and a measurement of outcomes or expected outcomes.

In order to align our sustainability reporting cycle with the COP we hereby request our COP deadline to be adjusted to June, 30th 2016. Extending our COP deadline will allow us to use the same sustainability data for the COP, the annual sustainability reporting and the environmental reporting.

Sincerely yours,

Ralf Behnke
