Public Proclamation of the principles is published in our website [www.charterededucation.org](http://www.charterededucation.org)

All our members and students across three (3) continents have been directed to comply with the ten principles of the UN Global Compact. It has been mandated that any of our Members, Study Centers and lecturers that violate any section of this principles be given outright dismissal and seizure of practicing license. These principles, having been entrenched and enforced upon our over 5,000 Members have been yielding positive results in their individual organisation base on regular report by our monitoring team.

We inducted Leaders of various Institutions as our Fellows with mandate to ensure compliance with these principles.

Leaders inducted include: Heads of Educational Institutions, Members of National Assembly, Clergies and Organisational Leaders.

We also signed collaborating MOU with all our affiliates Institutions and also mandated these affiliates not deviate from these standards.

Additionally, we setup monitoring teams who reports regularly to the office of the registrar on our Members compliance updates.
