

Tofuture COP report to be delayed

We recognize that a key requirement for participation in the UN Global Compact is the annual preparation and posting of a Communication on Progress (COP) that comprises of a CEO statement and continued support for the UN Global Compact, a description of practical actions with regard to the principles of the UN Global Compact, and a measurement of outcomes or expected outcomes.

We are late in creating, sharing and posting our own COP report due to heavy workload in implementing Tofuture CSM solution as well as training and helping our existing customers to improve their sustainability data management and reporting. Fulfilling customers' needs is our priority and doing so we sponsor the UN Global Compact principles at the same time.

We hereby ask for an extension period in order to be able to post a COP that describes our company's efforts and progress to implement the principles of the UN Global Compact. Our new COP report will be posted on the UN Compact website by April 30th 2016.

Sincerely yours

Veli Kalle Tavakka
CEO, Tofuture Oy
