To: Oando PLC Stakeholders

Request for an Extension (Grace Period) of the Submission Date of Oando PLC's Communication on Progress.

We recognize that a key requirement for participation in the UN Global Compact is the annual preparation and posting of a Communication on Progress (COP) that comprises of a CEO statement of continued support for the UN Global Compact, a description of practical actions with regard to the principles of the UN Global Compact, and a measurement of outcomes or expected outcomes and have submitted four COPs since becoming participants

We recently upgraded to the GRI G4 reporting framework (our two previous Sustainability Reports were based on the GRI G3.1 framework) which requires that we undertake an independent external assessment of our report. To this end, additional time is required to comply with the additional requirements of the new reporting level and complete the assessment process.

We hereby ask for an extension period in order to post a COP that describes our company's efforts and progress in implementing the principles of the UN Global Compact. Our new COP report will be posted on the UN Global Compact website before the end of June 2016.

Yours faithfully,

Ayotola Jagun

Chief Compliance Officer & Company Secretary
