THE SOFIA INTERNATIONAL MODEL UNITED NATIONS FOUNDATION

Sofia city, Republic of Bulgaria, European Union

Dear Mr. Secretary-General,  
Honorable Mr./Mrs. reading this document,

Please let me address You and the United Nations Organization in order to bring to your attention the good news that the SOFIA INTERNATIONAL MODEL UNITED NATIONS FOUNDATION (SOFIMUN FOUNDATION) submits this COE report upon its cooperation with the UN Global Compact in Bulgaria and the rest of the Globe.

The SOFIMUN Foundation has actively involved over 5000 young leaders from more than 120 nations worldwide will continue its support for the Ten Principles of the Global Compact with respect to human rights, labour, environment and anti-corruption. With this communication, we express our intent to advance those principles within our sphere of influence. We are committed to making the Global Compact and its principles a deeper part of the strategy, culture and day-to-day operations of our organization, and to engaging in collaborative projects which advance the broader development goals of the United Nations, particularly the Millennium Development Goals.

The SOFIMUN Foundation regularly make a clear statement of this commitment to our board of trustees and the general public. We recognize that a key requirement for participation in the Global Compact is the annual submission of a Communication on Progress (COP) and a biannual submission of the Communication on Engagement (COE) report that describe our organization's efforts to implement the ten principles. We support public accountability and transparency, and therefore report on progress within *one year* of joining the Global Compact, and annually thereafter according to the Global Compact COP and COE policies.
