To our stakeholders and the UN Global Compact:

Grace letter for the 2015 Communication on Progress

We write to request an extension of our deadline to submit our Our 2015 Communication on Progress that is due 30th May 2016.

Our commitment to the Principles of the UN Global Compact remains very important to us, and reporting on this as well as using our Communication on Progress to update on our own sustainability efforts is a priority. At this time, we face constraints with being able to allocate sufficient time and resources to this important project, and therefore request additional time to be able to do the COP justice.

We commit to posting our new COP report on the UN global Compact website by 27 August 2016.

Sincerely,

A handwritten signature in black ink, appearing to read 'Carson'.
