

## Communication on Progress

Year: May 2015 – May 2016

### Statement of Continued Support of the UN Global Compact

I am pleased to re-affirm Tropical Heat Ltd.'s commitment to the principles of the UN Global Compact Network. At Tropical Heat Ltd, one of our major goal is to build and maintain trust in society and partners, as well as to solve existing social issues affecting the communities we work in. through our various corporate social responsibility initiatives, our company is committed to using the relationships we have built and the skills to influence and work with our partners, customers and society to make a difference, create a lasting impact, as well as generate change to the world around us.

One of key avenue towards achievement of this is through annually participating in the UN Global Compact, which we have been a signatory since the year 2008. The ten principles are incorporated in our company's policies, guidelines and standards and are embedded in our approach towards achievement of sustainable development. Our continued commitment is demonstrated through the different initiatives that we have undertaken over the years, including trainings on human and labour rights, participating in green initiatives, and the developing policies that address environmental related issues, and anti-corruption.

In this 'communication on progress report' we have highlighted the different approaches and initiatives taken towards implementation of the ten principles.

Yours Sincerely,

**Nilesch Shah**  
Chairman

### **Brief description of nature of business**

Tropical Heat Limited is now officially a registered business name for Deepa Industries Ltd.

Tropical Heat Ltd. was established in the year 1973 as a small cottage industry by two entrepreneurs who wanted to give Kenyans the best in 'home made' snacks and spices. Today, Tropical Heat has over 300 employees in East Africa, and is among of the leading manufacturers of spices, seasonings and snacks in the region. The company enjoys a strong brand and reputation for quality products.

Our vast range of snacks and spices are manufactured by specialist team. The spices include pure spices, herbs, seasonings, masalas, and salts while the snacks include a range of varying potato crisps flavors, ethnic snacks, Kenyan chevda, peanuts, rice cakes, and extruded snacks. Our manufacturing processes are fully automated in a hygienic factory, which is also HACCP and the first to be ISO22000 certified in this sector and region. Our products are available in various flavours to satisfy customer tastes and pack sizes to satisfy customer purchasing power.

Our markets include local, regional and international, with an established presence in 14 countries including Uganda, Tanzania, Rwanda, DRC, Burundi, UK and the USA.

The company prides itself on quality, hygiene and customer service. Our raw materials are sourced directly from the best associated growing region worldwide, and are natural and always freshly ground before being packed. The cleaning processes before the grinding are extremely exhaustive to maintain product quality. The machinery used in the production processes is state of the art and sourced from renowned Europeans, Indian and American suppliers.

Continuous research on product quality improvement, new aesthetic packaging and a larger product range is always under process. Stringent quality controls ensure that the product reaches the customer in optimum condition.

### **Tropical Heat Quality Promise**

Quality Comes First;

- ❖ This is our mantra meaning to put quality before profit.
- ❖ Infusing quality throughout our manufacturing processes.
- ❖ Give quality in the interactions with our consumers.

Quality Comes First is more than just a mantra to Tropical Heat Limited but also a way of life. When it comes to quality of food materials Tropical Heat Limited recognizes its role and subscribes to a quality promise working towards ensuring that the final product from our process is of the right quality.

Tropical heat Limited adopted ISO 22000: 2005 Food Safety Management System in 2007. The system incorporates HACCP which ensures that food safety hazards are evaluated and controlled through process evaluation, inspection and verification.

As a market leader in the manufacture of spices and snacks in the East African region, Tropical Heat Limited not only embraces best practices and standards in the food industry, but also supports development and Implementation of the practices and standards.

Tropical Heat Limited works to ensure that throughout our supply chain quality is adhered to and implemented ensuring that only the highest quality raw materials are sourced and brought into our system.

Tropical Heat Limited is bound to the relevant customer requirements, statutory hygiene legislation, and codes of practice within the food industry, environmental management laws and the Occupational Health and Safety Act, 2007
