May 26, 2016

I am pleased to confirm that Myanmar Business Executives Association has demonstrated support during this reporting period and would like to declare its continued commitment for the principles of the UN Global Compact with respect to human rights, labour, environment, and anti-corruption. Through our past actions and in the future we will strive to advance these principles within our sphere of influence, including our statement of this commitment to our stakeholders and the general public.

We also pledge to continue to take part in the activities of the UN Global Compact where appropriate and feasible - through, for instance, participation in Country/Local Networks; involvement in specialized initiatives and workstreams; engagement in partnership projects; and reviewing and providing commentary to participating companies on their Communications on Progress.

Sincerely yours,
