

July 1, 2016

To our stakeholders:

We recognize that a key requirement for participation in the UN Global Compact is the annual preparation and posting of a Communication on Progress (COP) that comprises of a CEO statement of continued support for the UN Global Compact, a description of practical actions with regard to the principles of the UN Global Compact, and a measurement of outcomes or expected outcomes.

We are late in creating, sharing and posting our COP report due to the fact that we were initially told we only had to work on one or two of the 10 principles, we were not aware we had to make an extended report on all 10 principles. We are currently working on all the actions taken on the 10 principles done by Grupo Roble individually, because all of our CSR is done through Poma Foundation (Fundación Poma), the Holding which owns more companies other than Grupo Roble. We currently do not have a stakeholders report as Grupo Roble, only as the Poma Foundation.

We hereby ask for an extension period in order to be able to post a COP that describes our company's efforts and progress to implement the principles of the UN Global Compact. Our new COP report will be posted on the UN Global Compact website by July 31st, 2016 at the latest.

Sincerely yours,

Mr. Rafael Menendez
General Manager
Grupo Roble El Salvador
