

July 5, 2016

To our stakeholders:

We recognize that a key requirement for participation in the UN Global Compact is the annual preparation and posting of a Communication on Progress (COP) that comprises of a CEO statement of continued support for the UN Global Compact, a description of practical actions with regard to the principles of the UN Global Compact, and a measurement of outcomes or expected outcomes.

We hereby request an extension to file our COP, due July 7, so that we may synchronize the submission with Bunge's 2016 global citizenship report. The extension will enable the company to include material information that is currently being gathered and reviewed.

In future periods, we intend to bring the publication date of our citizenship report forward so there is no need for additional extensions.

Our new COP report will be posted on the UN Global Compact website by October 3 at the latest.

Sincerely yours,
