To the kind attention of the Relationship Management Team,

I am pleased to confirm that Bank Audi reaffirms its support of the Ten Principles of the United Nations Global Compact in the areas of Human Rights, Labour, Environment and Anti-Corruption.

In fulfillment of our second Communication on Progress, we hereby submit our 2015 CSR Report, where we describe our actions to integrate the Global Compact and its principles into our business, strategy, culture and daily operations. We are also committed to share this information with our stakeholders using our various channels of communication.

The Report conveys the evolution of our CSR journey, guided by our longstanding core values. This year, we chose to focus on the inclusion of our stakeholders and to refine the materiality of our CSR strategy, in such a way as to strengthen elements of major importance revolving around five pillars, namely Corporate Governance, Economic Development, Community Development, Human Development and Environmental Protection.

Responsibly yours,

Marc Audi
