To Our Stakeholders,

We recognize that a key requirement for participation in the UN Global Compact is the annual preparation and posting of a Communication on Progress (COP), comprised of a CEO statement of continued support for the UN Global Compact, a description of practical actions with regard to the principles of the UN Global Compact, and a measurement of outcomes or expected outcomes.

In order to avoid duplication of efforts, we aim to have our next (2017) COP fully integrated in our annual corporate responsibility / sustainability report, and prepare it according to GRI standards. It is in this regard that we wish to hereby ask for an extension period in order to be able to post a COP that is embedded, aligned, and describes our company's efforts and progress towards sustainability and the implementation of the UN Global Compact's Principles.

Our new COP report will be posted on the UN Global Compact website by 13 September, 2017 at the latest.

Sincerely yours,

Jennifer Motles Svigilsky
