Dear Sir/Madam,

**RE: Submission of Communication on Engagement (COE).**

On behalf of the Secretariat of the Environmental Management for Livelihood Improvement Bwaise Facility (EMLI), I am honored to present compliments to the United Nations Global Compact.

EMLI under participant id. 3381 has been a participant since 2009. EMLI representative has participated at a number of UN Global Compact Local Network, facilitated by the Federation of Uganda Employers (FUE).

We have not been documenting our engagements with the local network due to the earlier UN Global Compact guidelines having only limited this role of communicating to businesses/companies under the communication on progress (COP).

Now that we are required to submit the COE, we further commit to the obligation of reporting on the engagements we will have with the local network. In addition, we commit reinvigorate our participation in global and local events, provided resources available.

I reiterate my support for advancing the work of the Compact and urge the local network to share the companies' COPs for timely commentary.

Yours sincerely,

**Robert Bakiika**
