

25th August, 2016.

To our Stakeholders,

We recognize that a key requirement for participation in the UN Global Compact is the annual preparation and posting of a Communication on Progress (COP) that comprises a CEO statement of continued support for the UN Global Compact, a description of practical actions with regard to the principles of the UN Global Compact and a measurement of outcomes or expected outcomes.

We are late in creating, sharing and posting our COP report as the Department responsible for this is currently experiencing resource limitations. During the period July 2016 to September 2016, our Group of Companies will be under-going its five year strategic planning exercise coupled with several major on-going projects which have occupied the time of those responsible for preparing the COP.

We hereby ask for an extension period in order to be able to post a COP that describes our company's efforts and progress to implement the principles of the UN Global Compact. Our new COP report will be posted on the UN Global Compact website by 25th November 2016, at the latest.

Sincerely yours,

Kimberly Perai
Group Strategy Manager
