

26 August 2016,
Courlaoux

To our stakeholders,

We recognize that a key requirement for participation in the UN Global Compact is the annual preparation and posting of a Communication on Progress (COP) that comprises of a CEO statement of continued support for the UN Global Compact, a description of practical actions with regard to the principles of the UN Global Compact, and a measurement of outcomes or expected outcomes.

We have been working on our Communication on Progress 2015 but we are late in sharing and posting our COP report which should be due on 27 August 2016.

We hereby ask for an extension period in order to be able to post a COP that describes our company's efforts and progress to implement the principles of the UN Global Compact. Our new COP report will be posted on the UN Global Compact website by 25 November 2016 at the latest.

Sincerely yours,

Ms Séverine Berrod
