UN Global Compact

To our stakeholders;

We recognize that a key requirement for participation in the UN Global Compact is the annual preparation and posting of a communication on Progress (COP) that comprises of a CEO statement of continued support for the UN Global Compact, a description of practical actions with regard to the principles of the UN Global Compact, and a measurement of outcomes or expected outcomes.

SNC-Lavalin adhered to the UN Global Compact in 2015, midway through its sustainability reporting year, which is the calendar year. We are late in creating, sharing and posting our first COP report as we finalise a unified system of reporting for our annual sustainability report which meets the requirements of the Global Reporting Initiative template and the UN Global Compact.

We hereby ask for an extension period in order to be able to post a COP that describes our company's efforts and progress to implement the principles of the UN Global Compact. Our first COP report will be posted on the UN Global Compact website by November 1, 2016 at the latest.

Sincerely yours,

**Mark Osterman**

Vice President, Global Environment and Sustainability  
*SNC-Lavalin Group Inc.*
