UN GLOBAL COMPACT
NEW YORK

Communication on Engagement

The management of Volunteer Partnerships for West Africa, fully support the tenets of the UN Global Compact and has continuously been working with different stakeholders to uphold ethical business group.

As a volunteer organisation, we have worked with 250 local and international volunteers over the past year on our projects in Ghana. This has directly benefited 4350 children on our education programs, 35 on our Women Economic Empowerment. 10 Rescued vulnerable children from local farming communities.

It is our aspiration to work with Global Compact corporations to increase education opportunities for young children, as well empower parents with income generating activities to enable them take good care of their children.

Sincerely,

HAYFORD SIAW
EXECUTIVE DIRECTOR
