To our stakeholders:

We recognize that a key requirement for participation in the UN Global Compact is the annual preparation and posting of a Communication on progress (COP) that comprises of a CEO statment of continued support for the UN Global Compact, a description of a practical actions with regard to the principles of the UN Global Compact, and a meausurement of outcomes or expected outcomes.

We are late in creating, sharing and posting our COP report due to moving the office from Åkersberga to Kista.

We hereby ask for an extension period in order to be able to post a COP that describes our company`s efforts and progress to implement the principles of the UN Global Compact. Our new COP report will be posted on the UN Global Compact website by September 7th 2016 at the latest.

Sincerleys your,

Mrs Britt-Marie Lodenius
CFO
