To our stakeholders:

We recognize that a key requirement for participation in the UN Global Compact is the annual preparation and posting of a Communication on Progress (COP) that comprises of a CEO statement of continued support for the UN Global Compact, a description of practical actions with regard to the principles of the UN Global Compact, and a measurement of outcomes or expected outcomes.

We are late in creating, sharing and posting our COP report due to our inability to finalize it in the time period required due to unforeseen circumstances recently with our increased social efforts to help bridge the communication and trust gap between our communities and law enforcement that consumed our time around the clock. We are working hard to finalize our COP and submit as soon as possible

We hereby ask for an extension period in order to be able to post a COP that describes our company's efforts and progress to implement the principles of the UN Global Compact. Our new COP report will be posted on the UN Global Compact website by December 15th, 2016 at the latest.

Sincerely yours,

Nael Banat
