

Communication on Progress 2016

Statement of continued support

As a member of the UN Global Compact, our organisation supports the actions and principles contained in the UN Global Compact. Spicers Paper (Singapore) Pte Ltd promotes good forestry through purchasing materials from known, legal, in progress and fully certified sources in line with FSC and PEFC requirements. We are committed to ensure all wood materials purchase shall not knowingly come from forest areas that do not comply with relevant national legislation and categories as controversial sources.

We are dedicated to maintain a chain of custody programme in line with the certification requirements such as FSC and PEFC, and will comply with all laws and regulations related to our operations including health and safety. We will ensure this by following the FSC/PEFC independently audited system of tracking of all raw material and work to continually increase the proportion of material from sources in the process of being certified or already certified by credible bodies. Spicers Paper (Singapore) Pte Ltd will work towards sustainability goals as well as standards defined in the universal principles on Corporate Social Responsibility.
