

emergizing talent & business

October 13th, 2016

To our stakeholders:

We recognize that a key requirement for participation in the UN Global Compact is the annual preparation and posting of a Communication Progress (COP) that comprises of a CEO statement of continued support for the UN Global Compact, a description of practical action with regard to the principles of the UN Global Compact, and a measurement of outcomes or expected outcomes.

We are late in creating, sharing and posting our COP report due to the fact that our company merged with another. We had to work on a consistent strategy regarding all the subjects addressed by the Global Compact and this took us long. We also had to appoint someone to take care of this file. The person joined our company last week.

We hereby ask for an extension period in order to be able to post a COP that describes our company's efforts and progress to implement the principles of the UN Global Compact. Our new COP report will be posted on the UN Global Compact website by 2017, 01, 31st.

Sincerely yours,
