21<sup>st</sup> October 2016

To our stakeholders:

We recognise that a key requirement for participation in the UN Global Compact is the annual preparation and posting of a Communication on Progress (COP) that comprises of a CEO statement of continued support for the UN Global Compact, a description of practical actions with regard to the principles of the UN Global Compact, and a measurement of outcomes or expected outcomes.

We are late in creating, sharing and posting our COP report due to hosting a regional conference, the Junior Chamber International Africa and the Middle East conference for 2016, and committing members to the success of this conference, we had undermined the work it would take to collect and compare information to our commitment to give a comprehensive report that has clear indications of where we are going and how far we are. We take this commitment seriously and are compelled to give the report the consideration and respect due.

We hereby ask for an extension period in order to be able to post a COP that describes our company's efforts and progress to implement the principles of the UN Global Compact. Our new COP report will be posted on the UN Global Compact website by 15 January 2017 at the latest.

Sincerely yours

**Tebo NWANJANG**  
2016 National President
