Dear Mr. Secretary General,

I am pleased to confirm that, Nakuru Environmental and Cultural Trust (NECT) supports the ten principles of the UN Global Compact with respect to Human Rights, Labour, Environment and anti-corruption. With this communication, we express our intent to advance those principles within our sphere of influence, and will make a clear statement of this commitment to our stakeholders and the general public.

We also pledge to participate in and engage with the UN Global Compact in the following ways:

1. Through our own local network, we will promote the ten principles of the UN Global Compact.
2. We will, within our sphere of influence, support UN development objectives, including the Millennium Development Goals.
3. We will participate where possible in global and local Compact events.

We recognize that a key requirement for participation in the Global Compact is the submission of a Communication on Engagement (COE) that describes our organization's efforts to support the implementation of the ten principles and to engage with the Global Compact. We support public accountability and transparency, and therefore commit to report on progress on the Global Compact and every two years thereafter according to the Global Compact COE policy.

This pledge is separate from our initial letter of commitment to join the Global Compact.

Sincerely yours,

Nim Njuguna (Dr)  
Chair
