## Communication on Engagement

To our stakeholders

We recognize that a key requirement for participation in the UN Global Compact is the biennial preparation and posting of a Communication on Engagement (COE) that comprises of a chief executive statement of continued support for the UN Global Compact, a description of practical actions in support of the UN Global Compact, and a measurement of outcomes or expected outcomes.

We are late in creating, sharing and posting our COE report due to preparation of visits and support for important projects in Tansania exactly to support the goals we are sharing together in the Global Compact (in this case support for better and sustainable energy supply for a special Region in Tansania).

We hereby ask for an extension period in order to be able to post a COE that describes our organization's efforts and progress in support of the UN Global Compact. Our COE will be posted on the UN Global Compact website by 28th January 2017 at the latest.
