29th October 2016

To our stakeholders:

We recognize that a key requirement for participation in the UN Global Compact is the annual preparation and posting of a Communication on Progress (COP) that comprises of a CEO statement of continued support for the UN Global Compact, a description of practical actions with regard to the principles of the UN Global Compact, and a measurement of outcomes or expected outcomes.

We are late in creating, sharing and posting our COP report due to some ongoing initiatives in line with the PRME principles that we would like to highlight, which at the moment have not been seen through yet due to certain external circumstances. We expect these efforts to come to a conclusion shortly, upon which we would be furnishing you with the required report.

We hereby ask for an extension period in order to be able to post a COP that describes our company's efforts and progress to implement the principles of the UN Global Compact. Our new COP report will be posted on the UN Global Compact website by 26th January, 2017 at the latest.

Sincerely yours,

Parthajeet Sarmah
Director – Operations
