**Letter of Re-Commitment
Trade Union of Industry**

07.11.2016.

United Nations
New York, NY 10017
USA

Dear Mr. Secretary-General,

Industrial union of Serbia is committed to the goals of the UN Global Compact and supports the ten principles of the UN Global Compact with respect to human rights, labour, environment, and anti-corruption.

Industrial Union of Serbia is committed to the objectives of the Global Compact UN through our mission, goals and daily activities.

Industrial union of Serbia has participated in all the activities and projects of the UN Global Compact in Serbia where it was possible over the years. We remind you that we are the first union in Serbia, which joined the Serbian UN Global Compact.

We very regret that the Industrial Union of Serbia expelled from the UN Global Compact. We failed to submit reports probably due to poor knowledge of the English language and because of the great obligations.

We express the hope that we can once again be a member of the UN Global Compact in Serbia and provide its contribution to the development and improvement of this very important organization.

Sincerely yours,

Dragan Matic

President
