

# MAKING AN IMPACT

## OUR MISSION:

To **understand** catastrophic risk and build more **resilient** communities through innovative and sustainable **change**.

### UNDERSTANDING RISK

Through our global partnerships, RMS leverages our expertise so that our staff can apply their knowledge and experience to situations and communities that lack resources. Through this work we can help solve some of the most pressing issues plaguing our world and increase our understanding of issues and trends central to our business.

#### 100 RESILIENT CITIES

Helping cities around the world become more resilient to the physical, social, and economic challenges that are a growing part of the 21st century.

### MAKING AN IMPACT

Through international Impact Trek trips, employees have the opportunity to affect meaningful change in the countries we visit by using their expertise to provide infrastructure solutions in catastrophe-vulnerable geographies. We also support our employees' passion for fostering positive impact through our donation matching program and our annual global Helping Hands volunteer days.
