Kyiv, November 21<sup>st</sup> 2016

To our stakeholders:

We recognize that a key requirement for participation in the UN Global Compact is the annual preparation and posting of Communication on Progress that comprises of a CEO statement of continued support for the UN Global Compact, a description of practical actions with regard to the principles of the UN Global Compact, and a measurement of outcomes of expected outcomes.

We are late in creating, sharing and posting our COP report due to strained business season, which is related with continuation of 3G network deployment all-over the country and recent re-branding, which we continue to implement during this period.

We hereby ask for an extension period in order to be able to post a COP that describes our company's efforts and progress to implement the principles of the UN Global Compact. Our new COP report will be posted on the UN Global Compact website by February 14<sup>th</sup> 2017 at the latest.

Sincerely yours,

Ms. Oksana Bondarchuk  
Acting Head of lifecell External and Corporate Relations Division
