

Environmental Impact and Resource Reduction, and Climate Change Countermeasures

Environmental Impact Reduction

1. Environmental Impact of Business Activities

JSR strives to reduce its environmental impact by generating and closely analyzing input data (including use of energy, water resources, and chemical substances), as well as output data (including solid waste and emissions into the atmosphere and hydrosphere).

JSR is also an active member of the Mie Prefecture Industrial Waste Solutions Promotion Committee participating in efforts to continually reduce industrial waste and ensure it is properly disposed.
