To our stakeholders

We recognize that a key requirement for participation in the UN Global compact is the annual preparation and posting of a Communication on Progress (COP) that comprises of a CEO statement of continued support for the UN Global Compact, a description of practical actions with regard to the principles of the UN Global Compact, and a measurement of outcomes or expected outcomes.

We are late in creating, sharing and posting our COP report 2016 due to the implementation of a major internal organizational structural change, while we at the same time are working on the upcoming separation from NKT Holding spring 2017 in order to become an independent listed company.

We hereby ask for an extension period in order to be able to post a COP that describes our efforts and progress to implement the principles of the UN Global Compact.

Our new COP report will be posted on the UN Global Compact website by 21 February 2017.

Kind regards,

Michael Gamtofte
Vice President – Corporate Responsibility & Global IP
