

Malmö, Sweden, 16 January 2017

To our stakeholders:

We recognize that a key requirement for participation in the UN Global Compact is the annual preparation and posting of a Communication on Progress (COP), that comprises of a statement of continued support for the UN Global Compact, a description of practical actions with regard to the principles of the UN Global Compact and a measurement of outcomes or expected outcomes.

We are this year preparing a comprehensive Group sustainability report and would very much like to submit that report, rather than the simplified document we have submitted in the past. The sustainability report will most likely not be public until March/April 2017.

We hereby ask for an extension period in order to be able to post a COP that better describes our company's efforts and progress to implement the principles of the UN Global Compact. Our new COP report will be posted on the UN Global Compact website by 29 April 2017, at the latest.

Sincerely,

MIDSONA AB (publ)
