

São Paulo, 2017, January, 16th

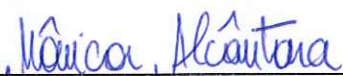

To our stakeholders:

We recognize that a key requirement for participation in the UN Global Compact is the annual preparation and posting of a Communication on Progress (COP) that comprises of a CEO statement of continued support for the UN Global Compact, a description of practical actions with regard to the main issue areas of the UN Global Compact, and a measurement of outcomes or expected outcomes.

We want to align our COP deadline with our internal reporting cycle. Our business has a particularity in relation to the period of calculation of the annual results. In agribusiness, we follow the "Harvest-Year" and in the sugar cane culture in Brazil, this period starts in April and ends in March. For this reason, our Indicators begin to be determined in mid-April and our report is published until mid-August.

We hereby request our COP deadline to be adjusted to **September, 18th, 2017**.

Sincerely yours,

Mônica Melo Alcântara
Responsible for Sustainability
