To Our Stakeholders:

We recognize that a key requirement for participation in the UN Global is the annual preparation and posting of a communication on Progress(COP) that comprises of a CEO statement of continued support for UN Global Compact, a description of practical actions with regard to the principles of the UN Global Compact, and a measurement of outcomes or expected outcomes.

We are late in creating, sharing, and posting and our posting our COP report due to little restructuring in our Board and need to wait for a little clarification before we can submit annual report from which COP information will be supplied.

We hereby ask for an extension period in order to be able to a COP that describes our company's effort and progress to implement the principles of the UN Global Compact. Our new COP report will be posted on the UN Global Compact website by 60 days from COP deadline of 20th February at the latest.

Sincerely yours,

OLAITO, MO
