### **Statement of continued support**

To all Stakeholders,

I am pleased to confirm that Indus Ingeniería y Arquitectura SA reaffirms its support of the Ten Principles of the United Nations Global Compact in the areas of Human Rights, Labour, Environment and Anti-Corruption.

In this annual Communication on Progress, we describe our actions to continually improve the integration of the Global Compact and its principles into our business strategy, culture and daily operations. We also commit to share this information with our stakeholders using our primary channels of communication.

The Communication on Progress document includes both opportunities and responsibilities that the Sustainable Development Goals (SDGs) represent to our business, and where the company's priorities lie with respect to the SDGs.

Sincerely yours,
