

27/02/2017, Antwerp

To our stakeholders:

We recognize that a key requirement for participation in the UN Global Compact is the annual preparation and posting of a Communication on Progress (COP) that comprises of a statement of continued support for the UN Global Compact, a description of practical actions with regard to the principles of the UN Global Compact, and a measurement of outcomes or expected outcomes.

We are late in creating, sharing and posting our COP report due to internal restructuring within the CSR department. The person responsible for the following up of the COP report is no longer working at BVBA 32. We are currently restructuring the department completely in order to follow up the UN Global Compact guidelines even more closely.

We hereby ask for an extension period in order to be able to post a COP that describes our company's efforts and progress to implement the principles of the UN Global Compact. Our new COP report will be posted on the UN Global Compact website by 27/05/2017 at the latest.

Sincerely yours,

Anne Chapelle
