United Nations Global Compact
685 Third Avenue, FL 12
New York, NY 10017

To our stakeholders

We recognize that a key requirement for participation in the UN Global Compact is the annual preparation and posting of a Communication on Progress (COP) that comprises of a CEO statement of continued support for the UN Global Compact, a description of practical actions with regard to the principles of the UN Global Compact, and a measurement of outcomes or expected outcomes.

We are late in creating, sharing and posting our COP report as we need further time comparing structure and content of our first COP with our latest business and sustainability reports before posting on the UN Global Compact website.

The statement of continued support for the UN Global Compact has already been delivered by the BVG Executive Board, confirming our ongoing commitment.

We hereby ask for an extension period in order to be able to post a COP that describes our company's efforts and progress to implement the principles of the UN Global Compact.

Our new COP report will be posted on the UN Global Compact website by June 7th, 2017 at the latest.

Sincerely yours,

p.p. Dirk Polenz
