We recognize that a key requirement for participation in the UN Global Compact is the annual preparation and execution of a Communication on Progress (COP) that includes a statement by the participant's CEO of continued support for the UN Global Compact, a description of practical actions with regard to the principles of the UN Global Compact, and a measurement of outcomes.

We are currently in the process of implementing the Global Reporting Initiative (GRI) Sustainability Reporting Standards within our company, which we expect to conclude by May 31<sup>st</sup>, 2017.

We wish to issue our COP in accordance with such GRI standards, therefore we will be ready to deliver our COP by no later than May 31<sup>st</sup>, 2017. We sincerely appreciate your understanding.

Sincerely yours,

Grupo Televisa, S.A.B.
