To our stakeholders:

We recognize that a key requirement for participation in the UN Global Compact is the annual preparation and posting of a Communication on Progress (COP) that comprises of a statement of continued support for the UN Global Compact, a description of practical actions with regard to the principles of the UN Global Compact and a measurement of outcomes or expected outcomes.

We are late in creating, sharing and posting our COP report due to our management was unable to renew our COP, one important Key Manager was in Ghana to visit two important clients.. Furthermore, in the next weeks our Company will present at an important exhibition.

We hereby ask for an extension period in order to be able to post a COP that describes our company's efforts and progress to implement the principles of the UN Global Compact. Our new COP report will be posted on the UN Global Compact website by *April 14, 2017* at the latest.

With best regards,

Phillip Wisser  
Trainee
