Reporting

We report in all transparency on our financial and non-financial performances. Given the amount of information and the expectations of our various stakeholders, we have divided our reporting across different channels:

[@TerrorEvents](#) Threat turns out to be false, Antwerp building has meanwhile been released by the local police

- The **Sustainability Report** provides a detailed overview of non-financial data at group level.

KBC Group has published a sustainability report each year since 2005. In 2014 and 2015, we decided to cease publishing a separate sustainability report and instead to provide all the information in the GRI table on our corporate website, in our Annual Report and in our Report to Society (see the GRI table for [2014](#) and [2015](#)).

We have now decided to publish a separate sustainability report again for 2016, in accordance with the GRI Standards. The report will be available in mid-2017.
