To our stakeholders:

I am pleased to confirm Garud Securities' support of the Ten Principles of the United Nations Global Compact in the areas of Human Rights, Labour, Environment and Anti-Corruption.

This is our third Communication on Progress in which we describe our actions to begin the integration of the Global Compact and its principles into our business strategy, culture and daily operations. We also commit to share this information with our stakeholders through our primary channels of communication.

The last year saw some form of political stability and growth in the economic sector as forecasted by various agencies. It was also one of the better years for us as a company.

Sincerely yours,

Human Rights Principles

Principle 1: Businesses should support and respect the protection of internationally proclaimed human rights

Principle 2: make sure that they are not complicit in human rights abuses.

Assessment, Policy and Goals

Garud Securities has an internal code of conduct which includes human rights considerations. It is also covered in service contracts with our clients. This has been done since the inception of the company in February 2005. These human rights considerations have been maintained throughout the existence of the company and will continue to do so.

Implementation

A grievance/suggestion mechanism is in place through feedback forms and other means of communication (for clients) and email/suggestion box for employees. These are included in the employee handbook and reminded during periodic trainings. The employees are also educated on types of wrongdoing that should be raised.

Measurement of Outcomes

We did not receive a single comment regarding human rights abuses this year.

Labour Principles

Principle 3: Businesses should uphold the freedom of association and the effective recognition of the right to collective bargaining

Principle 4: the elimination of all forms of forced and compulsory labour

Principle 5: the effective abolition of child labour

We do not employ anyone under the age of eighteen and require this from our suppliers as well.
