Global Compact

To our stakeholders

We recognise that a key requirement for participation in the UN Global Compact is the annual preparation and posting of a Communication on Progress (COP) that comprises of a company leadership statement of continued support for the UN Global Compact, a description of practical actions with regards to the principles of the UN Global Compact, and a measurement of outcomes or expected outcomes.

We are late in creating, sharing and posting our COP report due to more detailed information being required to complete our first COP.

We hereby ask for an extension period in order to be able to complete and post a COP that best describes our company's efforts and progress to implement the ten principles of the UN Global Compact. Our first COP report will be posted on the UN Global Compact website by 30th June 2017 at the latest.

Yours sincerely
