

Barcelona, 8th May 2017

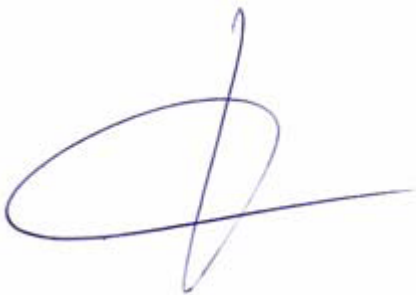

To our stakeholders:

We recognize that a key requirement for participation in the UN Global Compact is the annual preparation and posting of a Communication on Progress (COP) that comprises of a CEO statement of continued support for the UN Global Compact, a description of practical actions with regard to the principles of the UN Global Compact, and a measurement of outcomes or expected outcomes.

We are late in creating, sharing and posting our COP report due to the current delivery date is too close to the International Noise Awareness Day. During this day CESVA instruments, s.l.u. carries out several actions that give visibility to the eighth principle of the Global Compact: "UNDERTAKE INITIATIVES TO PROMOTE GREATER ENVIRONMENTAL RESPONSIBILITY ". The current COP delivery date does not allow us to report these actions.

We hereby ask for an extension period in order to be able to post a COP that describes our company's efforts and progress to implement the principles of the UN Global Compact. Our new COP report will be posted on the UN Global Compact website by the 6th August 2017 at the latest.

Sincerely yours,

Joan Casamajó Monclús
General Manager of CESVA instruments s.l.u.
