Grace request from Nammo

Nammo recognizes that a key requirement for participation in the UN Global Compact is the annual preparation and posting of a COP statement of continued support for the UN Global Compact, a description of practical actions with regard to the principles of the UN Global Compact, and a measurement of outcomes or expected outcomes.

We are late in creating, sharing and posting our COP report due to the fact that gathering this information is time-consuming, and involves many people.

We hereby ask for an extension period in order to be able to post a COP that describes our company's efforts and progress to implement the principles of the UN Global Compact. Our new COP report will be posted on the UN Global Compact website by 25 June 2017 at the latest.

Sincerely

Bertil Pålstrud
