re **Grace Letter**

To our stakeholders,

We recognize that a key requirement for participation in the UN Global Compact is the annual preparation and posting of a Communication on Progress (COP) that comprises of a CEO statement of continued support for the UN Global Compact, a description of practical actions with regard to the principles of the UN Global Compact, and a measurement of outcomes or expected outcomes.

However, this year here is a possibility of us being late in creating, sharing and posting our COP report due to the decision to report also in line with the latest GRI standard. The collection of the input for the related protocols and indicators is extensive and time consuming.

We hereby ask for an extension period in order to be able to post a COP that describes our company's efforts and progress to implement the principles of the UN Global Compact. Our new COP report will be posted on the UN Global Compact website by December 9, 2017 at the latest.

Sincerely yours,

Lada Askic
