Paris, 16th June 2017

To our stakeholders:

A year ago, still in our first year of existence, Fincley consulting committed to the United Nations Global Compact. Because corporate social responsibility is at the core of Fincley consulting's values since its creation, we wanted to support this worldwide initiative and commit ourselves to a framework that ensures we constantly work towards more sustainable and responsible business management and operations.

We recognize that a key requirement for participation in the UN Global Compact is the annual preparation and posting of a Communication on Progress (COP) that comprises of a CEO statement of continued support for the UN Global Compact, a description of practical actions with regard to the principles of the UN Global Compact, and a measurement of outcomes or expected outcomes.

As we are preparing our first COP, we came to the conclusion that for the sustainability and reliability of the measurement part, it made more sense to work on and publish data and indicators that match our fiscal year and are consistent with our other yearly reports. Our fiscal year is from 1<sup>st</sup> July to 30<sup>th</sup> of June.

Thus, we hereby ask for an extension period in order to be able to post a COP that best describes our company's efforts and progress to implement the principles of the UN Global Compact. Our new COP report will be posted on the UN Global Compact website by 30<sup>th</sup> September 2017 at the latest.

Sincerely yours,

Guillaume Soubelet  
Partner, Head of CSR
