COMMUNICATION ON ENGAGEMENT (COE)

1. Action taken on Corruption, Crime Prevention and Drug Abuse, Seminar and campaign

We hope that new tool for finding resources to help young people lead healthy lives and avoid substance abuse. It will also help parents, families, teachers, practitioners, community leaders and policy makers globally to find relevant materials to support their work to lead happy and healthy lives. IMAECSED aims long-term Training and education to handle drug, crime, terrorism, and corruption, related issues, to improve knowledge motivate awareness to combat such evils.

Presently we are actively working with UNODC and UNCAC and UN Global Compact regarding Drug Abuse, Crime and Corruption. Regularly we are receiving different programs, messages, reports and articles and sending many comments, submitting Feedbacks and messages, etc. We are getting Invitations from different programs and Seminars. We emphasizes coordinated, comprehensive response to the interrelated issues of illicit trafficking in and abuse of drugs, crime prevention and criminal justice, terrorism, and corruption. We pursue our activities to achieve our goals through our legal team for advocacy, consultation and support to face their respective situations with challenge. We have organized different meetings, training camps, Workshops to spread out the public awareness and our Lawyers team monitoring and observing the situation to control it as and when needed.

COMMUNICATION ON ENGAGEMENT (COE)

2. Campaign, Seminar and monitoring program on HIV/AIDS

HIV and AIDS is one of the biggest challenges before our NGO and overall to the society as a whole. The rate of infection is rapidly increasing and more and more people are getting ill and dying from AIDS. South Africa has one of the fastest growing rates of infection in the world. Individuals, families and communities are badly affected by the epidemic.

The fight against AIDS has to happen on two main fronts - prevention and care. To prevent the spread of AIDS we have to educate people on how to prevent infection. We also have to change the social attitudes that make women vulnerable because they cannot refuse unsafe sex from a partner and the attitudes among men that lead to woman abuse and rape. Poverty alleviation and development are also important programmes that will limit the spread of AIDS. We are actively involve to campaign, Slogans and message, Public education, Awareness raising, support and care for people living with AIDS, Community care for orphans, Motivating others to get involved.

One of our project on HIV/AIDS regarding "Mobile Health Care and Campaign Program are on process

COMMUNICATION ON ENGAGEMENT (COE)

3. Pollution Control, Environment and Sustainable Development program

Environmental process starts with the extraction of resources, which can be exhaustible or renewable. The process ends with the disposal of transformed resources which could pollute the environment. Pollution is waste that has been disposed off in the air, in water or on land, and that reduces the value of those resources in alternative uses. Resource depletion and environmental pollution are key factors in determining the natural capital of a nation and achieving sustainable development. The benefits of pollution control are measured by the reduction in damages caused by pollution to human health, and to material, natural and agricultural resources.

Food

- Farmers' markets
- Backyard gardens
- Buying locally or sustainably grown produce
- Buying produce in season

Part III. Measurement of Outcomes :

IMAECSED has all its own revenue from members and to some extent from outside Donations and subscriptions. Its members are contributing occasionally within their very minimum resource. Most of the expenses are borne by the Chairman himself.

IMAECSED programs are established with measurable inherent in the actual participation and from participants directly. Reactions from participants, businesses and non-profits are extremely positive and exciting. We realize our value to the planet and to the UN Global Compact goals and objectives are not only on target but project to be Exceedingly impactful over the next several years.

It is early in the young history of IMAECSED programs to speak to levels of numerical activity. In the next COE IMAECSED will be able to speak very specifically about the results of its efforts on behalf of the Global Compact awareness and knowledge development.

For the first time we are demonstrating our pioneering spirit and commitment to the United Nations Global Compact but within such short span of time for two years we could have successfully achieved our target in the work of environment /climate change, Human Rights, Corruption, Labour

Our NGO is confident about the rapid increase of our future project and activities in international standard and nature of its operations are global. it can focus on continuous improvement leading to greater efficiency and

to cater the demand of our members.

Our NGO's social responsibility extends well beyond its activities and financial targets. it has strengthen its Sub-Committees to create economic and social opportunities. health, sanitation, sustainable development , climate change, disaster risk reduction, Human Rights, crime prevention, drug abuse, education, and ultimately eradication of acute poverty.

On behalf of the Executive Committee and all members and well-wishers of the Org, I would like to extend our sincere appreciation of the support extended by the UN Global Compact and all its Participants and Members.

Thank you,
