

Poissy, the 28th of June 2017

To our stakeholders,

We recognize that a key requirement for participation in the UN Global Compact is the annual preparation and posting of a Communication on Progress (COP) that comprises of a CEO statement of continued support for the UN Global Compact, a description of practical actions with regard to the principles of the UN Global Compact, and a measurement of outcomes or expected outcomes.

We are late in creating, sharing and posting our COP report due to the launch of new lines of product on our site in Poissy. These new kinds of analyzers are being integrated, and this project mobilizes resources at all levels of our organization.

We hereby ask for an extension period in order to be able to post a COP that describes our company's efforts and progress to implement the principles of the UN Global Compact. Our new COP report will be posted on the UN Global Compact website by the 26th of September 2017, at the latest.

Sincerely yours,

Christelle DELFINI
