CEO message

A happy new year with the achievement of goals and challenges under the umbrella of the United Nations .

A new year for Egypt to achieve economic reform measures to build a strong and stable economy .

A new year poses new challenges to our responsibility towards the local community in Egypt and to achieve the sustainability goals of the UN Global Compact .

A new year and we thank the United Nations for its continued support to our community in achieving sustainable development .

Zohair Attalah
CEO

Our Green Project

The new ideological movements is greenism, buildings are in the battle to green.

In our arch classic styles aims to follow up, principles of green buildings that's by having a large windows and sheds to get a fresh air that's to reduce using a / c without glass certain wall.

We approach our target , in the application of green building where credits are given to every area of the building that shows good environmental performance, certified auditors inspect, evaluate, bench mark.

The building against a green building rating system to assess the building's level sustainability and that could be seen in our new project continental palace. Its measured by energy , management , health & well-being , transport , water , material , waste , land use , pollution.

The total number of points or credits gained in each section is multiplied by an environmental weighting factor that takes into account the relative importance of each section scores are than added together to produce a single overall score.

- We always bringing our vision of development in various fields through a package of articles published prepared by Eng. Ehab Zakaria, Vice Chairman of the Board in order to enlighten and educate the public and government.
